Your Spending Account
Reimbursement Options

Choose the Option That Best Fits Your Needs

Your Spending Account (YSA) offers two unique, convenient reimbursement choices.

OPTION 1: Pay by YSA Card

Pay for eligible health care expenses with your YSA card. Use the card for payment at the time of service or purchase—funds are automatically deducted from your YSA account.

OPTION 2: Automatic Reimbursement

Automatic reimbursement allows you to be directly reimbursed for eligible out-of-pocket expenses—with no need to fill out any paperwork.

Note: Visit the YSA website to see if your health plan participates in automatic reimbursement. If you choose this option, you will not be eligible to receive a YSA card.

DON'T FORGET! Save your receipts in case you need to verify an expense!

Still Undecided?

Don't worry! If you find that one option doesn't meet your needs, you can easily switch. YSA allows you to change options in January and once more during the year.

Log On

Visit the YSA website for additional information.
