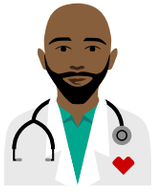
Health care close to you

Get no-cost/low-cost care at a MinuteClinic® near you.

minute clinic®

The next time you or a covered family member needs health care, think MinuteClinic. Your Sysco medical plan now offers no-cost/low-cost MinuteClinic services in person at CVS Pharmacy® locations and Target stores.



Most MinuteClinic services are available to you at no cost. Certain services may require payment if they're not covered under your Sysco medical plan. If you're enrolled in the HSA medical plan, you must meet your deductible before your plan will cover services. Once you've met your deductible, you can access most MinuteClinic services at no cost.

Get care 7 days a week

MinuteClinic nurse practitioners and physician assistants are available seven days a week to diagnose and treat common, non-emergency problems, such as:

- Allergies and itchy eyes
- Back and joint pain
- Cough, colds, flu
- Indigestion, nausea
- Minor burns
- Sinus and ear infections
- Skin conditions
- Strains, sprains
- Strep throat
- Urinary tract infections

If you need a prescription, your MinuteClinic provider will write one you can fill on the spot. Open every day, MinuteClinic offers both walk-in and scheduled appointments.

Some age and service restrictions apply to MinuteClinic services. Contact your Aetna Health Care Advocate at **1-833-361-0223 (TTY: 711)** with questions.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of companies, including Aetna Life Insurance Company and its affiliates (Aetna).

One stop for a variety of preventive care needs

With MinuteClinic, you and your family also have easy, convenient access to health care services that include:

- Vaccines for flu, measles, pneumonia, pertussis, COVID-19 and more
- Routine lab tests
- Chronic condition monitoring for diabetes, high cholesterol, high blood pressure and other conditions
- Physical exams, including camp, sports, college, DOT and general medical exams

Plus, you can take advantage of wellness services to get help with goals such as quitting tobacco and achieving a healthy weight. However, these convenient services should not replace your annual physical with your primary care provider.

Find a MinuteClinic near you
