

Search for a Network Pharmacy

1. Go to www.aetna.com.
2. Click *Find a doctor*.

3. Click *Find a Pharmacy*.

4. Fill in the required fields.
 - a. In the *Search for:* field, choose **Pharmacies**.
 - b. In the *Type:* field, choose **Retail Pharmacy Locations**.
 - c. In the *Search in:* section, enter your location information.
 - d. In the *Select a Plan* field, choose the **Aetna National Pharmacy Network (most common)** option.

The screenshot shows the Aetna website's pharmacy search tool. At the top left is the Aetna logo. To its right, a message says: "To easily find pharmacies in your pharmacy network, please go to your member website [log in](#)." In the top right corner is a [Contact Us](#) link. Below the header are three tabs: "Search by Location", "Search by Name", and "Advanced Search". The "Search by Location" tab is active. Under this tab, there are several sections. The first is titled "*Required Selections" and contains two dropdown menus: "*Search for:" set to "Pharmacies" and "*Type:" set to "Retail Pharmacy Locations". The second section is titled "*Search in:" and has two radio buttons: "Zip Code" (selected) and "City". Below the "Zip Code" radio button are two input fields: "* ZIP CODE" with the value "12345" and "* DISTANCE" with a dropdown menu set to "10 miles". A link "Find a Zip Code" is positioned below the ZIP code field. The third section is titled "*Select a Plan:" and has a dropdown menu set to "Aetna National Pharmacy Network (most common)". Below these sections is a purple "Search" button. At the bottom of the form, there is a text link: "Can't find what you're looking for? Try our [Advanced Search](#)".

5. Click *Search*.
